

Dear Employer:

You may have recently heard the news that Florida Hospital is now AdventHealth. While our name officially changed on January 2, 2019, our company remains the same, our mission remains the same, our compassionate care remains the same and our robust physician network is the same one that our patients know and trust.

That's why we are excited to partner with Comhar Healthcare to offer direct to employer medical coverage through the AdventHealth Employer Benefit Plan.

Our plan offers multiple customized medical plan options specifically designed to meet your company's needs and help you control your health care costs. If you are a small to medium size business with 50 to 1000+ employees, the AdventHealth Employer Benefit Plan brings an affordable solution with analytics, reports, improved claims management and more.

AdventHealth is one of the largest non-for-profit health systems in the United States and we have a strong legacy of health and wellness spanning more than 150 years. In Tampa Bay, our connected network of care continues to grow. See the attached brochure for more details regarding our physicians and care locations.

Tampa Bay is where we live, work and play and we are committed to improving the health and well-being of our community.

We look forward to helping you and your employees feel whole.

Sincerely,

A handwritten signature in black ink, appearing to read "John Johannessen".

John Johannessen
Senior Executive Officer, Ambulatory Services
AdventHealth West Florida Division
